product information sheet

give your cells
a fighting chance

Aging is natural. Turns out, the solution is too. Protandim Nrf2 Synergizer helps your cells fight free radicals while regulating survival genes and helping slow the rate at which body function declines with age. In fact, it's the only dietary supplement proven in a clinical study to reduce the cellular stress in humans by an average of 40 percent in 30 days.

Cellular stress generated through the process of living (eating, sleeping, breathing, exercising) is inevitable for everyone. But LifeVantage has the solution, Protandim Nrf2 Synergizer—the most important dietary supplement of our time. Comprised of natural plant ingredients, Protandim Nrf2 Synergizer is a patented, science-based formula that has been researched, tested and validated by 20 peer-reviewed studies published by renowned research institutions around the world. Protandim Nrf2 Synergizer enhances the body's natural defenses to make antioxidants and achieve optimal cellular balance.
